SPONSOR AN AFRICAN SCHOLAR

LILY MWACHOFI

Lily completed her Secondary school in 2011 and scored a grade of C Plus . She is the 3rd born child in a family of four children. Through the help of SAAS Lily was able to acquire both secondary and third level education. She is the only one of her family to be educated. While in college she completed a diploma in Health Records and Information Technology. Lily is currently working as record keeper in the public hospital in Mombasa.

Lily's parents are together. Her father is unemployed but is involved in vending roast meat while her mother is a housewife. The family are financially challenged and her father struggles greatly to educate his children. From the meat vending business he manages to earn approximately € 40 per month therefore the family finances are very strained. Thankfully as Lily has managed to get a well paid job she is now in a position to help her family and is supporting her younger siblings with their education.
