SPONSOR AN AFRICAN SCHOLAR

ABUBAKAR

Abubakar finished his primary education in 2018 but has not yet reported to school due to lack of school fees.

Family back ground

Abubakar lives with his grandfather who is elderly and cannot work to support Abubakar to go to school. The living condition of them is not pleasing as they don't have any income that can sustain them and meet the family needs

Abubakar's parents died long time ago leaving him under the care of his grandfather. They depend on well wishers to help them and also friends from the mosque.

According to him, he is a very determined young boy whom when given a chance to continue with his studies he can do much better.

Currently he is just home seeking for casual jobs in order to earn money for them to buy food just in case there is no one to help.

They live in a single room around Kongowea slums, which has electricity but no running water.

Education Background

Abubakar adores football. He enjoys language subjects too. His future ambition is to become a lawyer.
